Kornit Allegro

Kornit Allegro Benefits & Features

With only a few minutes from file to finished fabric, and a sustainable process, Kornit Allegro is the fastest, most cost-effective way to start printing on textile.

- **Ideal for fashion, swimwear, home textile** and more!
- **No pre- or post-treatment needed!**
  - Kornit patented fixation on the fly (FOF), which eliminates the need for external pre-treatment process
  - No post-treatment: Waterless printing system eliminates chemical processes and contaminants
- **All you need is a single operator and a small space** for endless possibilities
- **One ink set** for multiple fabric types
- **7 Colors:** Cyan, magenta, yellow, black, red, green and gray
- **Widest color gamut** in the pigment direct-to-fabric industry
- **Print speeds:** Up to 200 square meters per hour
- **Works on all fabric types** except nappy textures (felt, fleece, wool)
- **Workflow & Software:** File prep, color management, printing & analytics

+ 1 year end-to-end warranty
Optional post-warranty contracts
